## New Highway for Southern Europe

Plans for a 3750-mile road network (outlined in black on map) which would open up new areas in Southern Europe to both tourists and trader were blueprinted by road experts from the region who met recently in Geneva under the auspices of UN's Economic Commission for Europe. The project includes a ferry-boat service between Brindisi and Patras. With financial aid from abroad most of the modern circular highway could be completed by 1961. Otherwise, only Italy will meet this target date, while in Greece the objective would be 1963, and in Turkey and Yugoslavia, 1971.

## Golf Club Hopes For Early Start

To correct any wrong impression regarding the time of year when it will be possible to golf on the new course this year, officials of the Vulcan Golf and Country Club state that the club plans to start getting the course in shape as early as possible in the spring. Work which will be done as soon as possible to put the course in playing condition will include sanding the greens, fixing tee-off boxes, posting of flags, etc.

Then, if weather conditions prove favorable for a grass crop, they will possibly keep players off the course for about six weeks, which would allow the club to harvest a quite valuable crop of grass seed. By the latter part of July, it is hoped to continue with a very active and enthusiastic golf club and one of the best nine-hole courses in the province.

He showed what the average child should know at certain ages and how IQ tests were not always reliable. He said if parents create the right home life and atmosphere that children would not find it hard to learn in school. He also stressed the point that children should be given regular check-ups as children in poor health could not be taught at school. After a hearty vote of thanks a lively discussion and question period followed.

Mrs. E. E. Andrews, who recently donated ten dollars to the Good Deeds W.I. was given a vote of thanks by the members. Mrs. G. Hutton won the tea draw. A lovely lunch in the Valentine motif was served by the hostess assisted by Mrs. D. Campbell and Mrs. H. Smith.

## Convene at Blackie

## High River Presbytery Meeting Hears Reports

Regular spring meeting of the High River Presbytery of the United Church of Canada was held on Friday, Feb. 10, at Blackie. The meeting convened at 9:30 a.m. with about thirty-five ministers and lay representatives present. Rev. John S. Clarke, chairman of Presbytery, presiding. A full representation of all pastoral charges excepting Carmangay and Granum were present.

Rev. A. L. McKelvie of Cayley conducted opening devotional services. Rev. Norman Knight extended a welcome to the Presbytery on behalf of the Blackie congregation and the chairman extended a welcome to new members of Presbytery. The secretary was Rev. E. W. Oldring. The chairman called on various committee chairmen for their reports, all of which showed a healthy condition in the different departments of the church.

During the past year a Young People's Conference was held at Champion which proved very beneficial and a further conference is planned which will be held in Nanton on Feb. 19th. Rev. Bert Loree of Okotoks, Chairman of Christian Education for the Presbytery reported Young People's activities showing a satisfactory gain with new H-C groups being formed in several places.

### Couples Club

A report on the activities of the Couples Clubs in the Presbytery was given by Mrs. W. A. Shields, who with her husband are joint presidents of the Couples Clubs Council of the High River Presbytery. She reported very active clubs in High River, Claresholm, Vulcan and Champion with the hope that new clubs will be formed at other points. A meeting of this Council will also be held in Nanton on Feb. 19th at 3 p.m.

Following luncheon served by the ladies of the Blackie congregation, Rev. J. S. Clarke opened the afternoon session with a fitting devotional.

Satisfactory reports were received from St. Stephen's College, Edmonton, with respect to the work of Messrs. Shortt and Findlay, candidates for the ministry from the High River Presbytery.

The committee on publications recommended that a letter of commendation be forwarded to the Rev. A. C. Forrest, newly appointed editor of the 'Observer', on the much improved format and general make-up of the church paper.

Requests for permission to borrow sums of money for the completion of church buildings at Brant and Milo were considered and recommended approved, on completion of the usual requirements.

Presbytery approved an application for a student minister to supply the Milo charge for the summer months. It was also recommended that the Home Mission Board endeavor to supply a student minister for the summer months to the Eden Valley Indian Reserve.

### Home Missions

Rev. W. G. Stady, Superintendent of Home Missions for southern Saskatchewan and Alberta addressed the meeting and outlined the work of the Home Mission Board in the territory and pointed out the need for new candidates for the Ministry in order to supply the ever increasing demand for trained ministers in the church.

The Presbytery suggested that each church and each member thereof should become 'A Friend' to St. Stephen's College and lend them the necessary support to carry on the work of training ministers.

It was unanimously agreed that the plan of rededication of all ministers, officers, and members of the church advocated by the General Council of the Church should receive the full-hearted support of all congregations in the Presbytery.

Due to a difference of opinion on the handling of church papers by the custodian at St. Stephen's College a request was made that the Alberta Conference be asked to have this matter clarified at the coming Conference.

Support of the Christian Education Council in the past has been financed by a levy of fifty cents per Sunday School member but as this Presbytery has been asked to contribute the sum of \$600 towards a total levy of \$12,000 for the Province it was decided to ask each congregation to remit to the Re-

## Vulcan Consolidates First Place Hold In Foothills Hockey

Hockey action during the past week saw Vulcan's league leading Legionaires strengthen their first place hold in the Foothills Hockey League. The local pucksters drubbed Stavely at Vulcan arena by a decisive 18 to 5 count, followed by a visit to the Stavely rink where the clubs fought to a 5-5 draw.

Friday night's game was actually no contest as Vulcan fired four goals in the first period, five in the second and banged home nine more counters in the final stanza.

However, Monday night in Stavely Vulcan's Suicide Seven ran up against Danny Flanagan night and a determined band of Stavely players. It was Flanagan's 25th year in the Foothills Hockey League, and Danny says his last game, which his boys were determined that he should remember. The Stavely club led 1 to 0 at the end of the first period; four to one at the end of the second and appeared well on the way to victory. However, following presentations of trophies and a watch to Mr. Flanagan, between the second and third periods, the Vulcan crew put on a sustained drive to knot the count at 4 to 4 midway in the 3rd period.

Stavely came right back and scored leaving the score 5 to 4, until with a minute and 52 seconds to go, Pat Walker scored in a back-hand shot to save the Suicide Seven from what appeared to be their second defeat of the season. Standout games for the local crew were also turned in by Krawchuk, Pruden and Vulcan's old reliable Harold Boutland who has played even longer than Mr. Flanagan. Hook has put in 29 years in the League.

Remarkable incident in the game was the fourth Stavely goal scored by D. Flanagan. He was assisted by his father Danny and younger brother Mike to make the goal Flanagan from Flanagan and Flanagan, a feat which Danny says was worth waiting for.

Considerable discussion took place on the new pension scheme adopted by the General Council and suggested changes in it but it was finally decided to take no definite action.

A vote of thanks was expressed to the Blackie congregation for its hospitality for the day following which the meeting adjourned to be reconvened during the Alberta conference which will be held in Edmonton May 24 to 30 inclusive.

**OUR HATS ARE OFF**

The TB Seal Committee  
The Vulcan District has been well up in its donations to this very important campaign. This is in part due to the wonderful response of the individuals who have given so generously.

But behind the scenes the TB chairman and his committee do a terrific job to ensure the success of the campaign. Their records, which are kept up-to-date, show how much each person has given through the past years. This is why, if after receiving your TB Seals, you do not give, you get a reminder in the mail, also a second reminder.

Two dollars a year is very cheap insurance against this dreaded disease. Next year you can save this committee hours of work by giving as soon as you receive your stamps, even if it's only fifty cents or one dollar.

Among those attending the Ice

Capades in Calgary on Saturday were Mr. and Mrs. Al West and family, Mrs. Hirst Goldthorpe and Keith.

Deepest sympathy of all people in Lomond and district is extended to Mrs. Earl Armstrong and family and Mr. and Mrs. Archie Fitzpatrick and family at news of the sudden death of Howard Hartwick. Funeral services were held from the United Church of Canada in Vulcan on Sunday, Feb. 5th.

The Lomond 4-H Club held a meeting on Monday evening, Feb. 6th. During this meeting they decided to go around and look at the other Club members calves. ### YEAR END REPORT OF LOMOND DISTRICT NURSE FOR 1955

It is my seventh year in Lomond. The town has almost doubled in size during this time. A new school opened in 1949 and now the building is being enlarged by two rooms. Work was to be completed last fall but is still going on slowly. One classroom is being held in the I.O.-OF hall and another in an improvised room in the school auditorium.

This year the County of Vulcan took over the district and the school; the town of Lomond remains a municipality of Lomond. Enchant and Travers are in the Taber Municipality. The schools in this district are being done by the Barons Eureka Health Unit. Armada and Lomond schools are in the High River Health Unit.

The district is now comprised of Armada, Lomond and Travers. Enchant is now under the Vauxhall Municipal Nurse.

This has been a busy year. Besides public health duties, a senior and junior first aid class and a junior home nursing class have been taught. I have also been the leader of the CGIT and Explorer Groups for the past four years. Roads have improved since the county took over but they are still not good roads. The valley between here and Vulcan makes travel uncertain in bad weather. The Lethbridge road is open most of the year. Supplies and mail come in by transport from Calgary.

The Lomond cottage is comfortable and in fairly good repair. It is a six-room cottage with oil heat. Cistern water supply and a cess pool drainage.

## ARROWWOOD

**United Church Annual Meeting**  
The annual meeting of Arrowwood United Church was well attended on Monday, Jan. 30, taking the form of a 'potluck' supper. Activities of the W.A. were given by Mrs. J. M. Wallace past-president of this group who reported as follows:

The W.A. of the Arrowwood United Church held 10 regular meetings during the year, taking July and August for holidays, with an average attendance of 11, and visitors were present at all meetings. A demonstration of baking was given by two members of the 4-H Club, Misses Scott and Leslie from Mossleigh, who incidentally, were winners at the Royal Toronto Fair.

A display of antiques was put on in the school on Jubilee Day. 'Mystery Mothers' remember students of the church who are attending school away from home. Interesting missionary papers have been given periodically by Mrs. R. F. Williams.

The Visiting Committee did a worthwhile effort this year, having made approximately fifty calls, and the Sunshine convener, Mrs. T. Board kept her duties in perfect shape, as usual.

Mrs. A. Ingraham convened the Korean relief work in a very able manner, with very poor support, and it is to be hoped that all members will try and give better assistance in the future, as it must be realized that this is a worthy cause.

Mrs. Leigh Williams has marked thanks for her work in getting the pews ready for the Anniversary Service. The W.A. catered to the Lions Club dinners in turn with other organizations. A tea and bake sale was held in March, chicken supper in October, and the annual bazaar, tea and bake sale in December.

The Travelling Basket is still active, and the sale of cards is also a popular project with everyone, besides adding attractive revenue. "Hobo" Teas will be dropped 'till spring.

Catering to a wedding reception was tried for the first time, and proved very successful to those concerned, and added a nice sum to the treasury.

Janitor wages were paid by the

W.A. and material for gowns for the choir, also special Hymnals. Donations were made to Kasota Camp, Missionary, Korean Relief, Christmas Hampers and to two local families and one to Eventide Home at Gleichen.

Pews were purchased for the church, and the members of the W.A. did the bonding and varnishing of same.

The president and vice-president attended the Memorial Service at Gleichen, and placed a wreath on the Cenotaph. These same officers also attended the 'rally' at Central United Church in Calgary.

Gifts asked for the Supply Service were taken to Calgary. The W.A. will sponsor showers for girls from the church in the future. The Manse Fund was honored in full.

World Day of Prayer Service was held in the church, February 25th. Mrs. W. H. Morrison gave a

report on the Missionary Conference. Devotions were given at all meetings.

A Christmas party was held December 16th. Choir members leaving the district will be remembered.

### AUDITOR'S CERTIFICATE

We have examined the balance sheets of Vulcan Municipal Hospital and Municipal Hospital District No. 19 as at 31st December 1955, and the statements of operations and surplus for the year ended on that date. Our examination included a general review of the accounting procedures and such tests of the accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion the accompanying balance sheets and statement of operations and surplus present fairly the financial position of the Municipal Hospital and Municipal Hospital District as at 31st December, 1955, and the results of their operations for the year ended on that date.
